

## **APPENDIX C**

### **CONFERENCE PLANNING AND COMMITTEE MEMBERSHIP**

The Interagency Committee for the MTS Research and Technology (R&T) Subcommittee was formed to facilitate coordination and cooperation of research and technology activities dealing with marine transportation and waterways management. The Subcommittee provides a forum for communication of federal R&T laboratories with each other and with private and academic sectors, in order to share ideas and eliminate unnecessary duplication of efforts. It identifies national issues and needs in the MTS which can be met with technology or applied research. The Subcommittee sponsors, organizes, and conducts a biannual MTS R&T Coordination Conference.

#### **Interagency Committee for the Marine Transportation System (ICMTS) R&T Subcommittee**

**Dr. Bruce Parker (Chair)**

National Oceanic and Atmospheric Administration

#### **MEMBERS**

Mr. Chris Andreasen  
*National Imagery and Mapping Agency*
